
1
WORKSTATIONS
Next.js on Cloud Run
AML investigator
Partner manager
Executive
Compliance & audit
Data operations
BigQuery Graph
Geospatial
Identity Platform
OPERATORS
analyst
triage and propose
approver
second signature
compliance_head
verify the ledger
2
GATEWAY + APIS
Public web, private API
Cloud Run
Next.js web
only public surface
Cloud Run
FastAPI gateway
private, rate-limited
Identity Platform
Token check
role bound to principal
Evidence replay
re-derives a bundle
Cloud Trace
Telemetry
no prompt text kept
3
AGENTS · GOOGLE ADK
One LoopAgent per workstation
ADK LoopAgent
max 3 passes
Prefetcher
calls the selected tool
Vertex AI
Drafter · Gemini
writes from tool results
Assembler
deterministic, fails closed
Model Armor
Model Armor
screens prompt and reply
Firestore
Sessions + briefs
ADK session service
Agent Search
Regulation search
quoted by sentence
4
ONTOLOGY
The only way in
Governed tool port
28 typed, scoped capabilities
No approve or execute tool exists.
Metric registry
one definition per metric
BigQuery Graph
Entity graph
GQL queries, hubs collapsed
Metric auditor
numbers must trace to a tool
Action Intents
signed, expiring proposals
Red lines RL-1 to RL-7
models never compute or write
5
LOGIC · ENGINES
Deterministic. Models never compute.
Alert triage, typologies
Churn hazard
Causal SCM
Forecast + what-if
DATA SOURCES
Seeded worlds
BigQuery
Reference + IP intel
Agent Search
Regulation corpus
Pub/Sub
Ingestion, DuckDB state
propose, then sign, then ledger
6
SYSTEMS OF ACTION
Agents propose, people approve
Intent hub
validates and signs
Cloud KMS
Cloud KMS signer
ECDSA P-256
Firestore
Four-eyes approval
proposer cannot approve
Firestore
WORM ledger
SHA-256 hash chain
Evidence bundles
id is the content hash
KEY
Google Cloud service
request and reply
propose, then sign
7
SECURITY, PLATFORM & OBSERVABILITY ON GOOGLE CLOUD
Model Armor
screens prompts
Identity Platform
operator sign-in
Cloud KMS
signs intents
Secret Manager
HMAC salt, keys
Workload Identity Federation
CI without keys
Artifact Registry + Cloud Build
